

---

The Heatherfield is a purpose built home, opened in July 2005, which has facilities for Older and Younger People to deal with a range of needs and requirements. The Heatherfield is a purpose built two storey care home, situated in the small rural village of Annitsford. The home is well situated with ease of access to the nearby village. Every room in The Heatherfield is single with en-suite facilities, and is divided into small homely units, with emphasis on individual care. Only a very high calibre of staff are employed with a commitment to ongoing training and the majority of staff have achieved NVO qualifications. Our House Keepers pay particular attention to Health and Hygiene of all residents at The Heatherfield. Our qualified Chefs provide a varied and exciting menu to incorporate choice and special preferences. We put a lot of emphasis on the social side of our residents lives and we provide an activities programme which will take into consideration all of our residents views and choices.

---

## The Heatherfield

The Heatherfield has 54 single rooms all with en-suite facilities. Assisted baths are available for residents and there is a nurse call system in every room.

The home has five generous lounges to enable the residents to join in social activities or relax.

A passenger lift aids transport between the floors and the home has full disabled access.

A qualified chef provides a range of daily and seasonal choices; a sample menu is available from the home.

Two Activities Coordinators are employed to ensure residents time is spent in pursuing their own interests.

A qualified physiotherapist is part of the clinical team to ensure each resident has access to this service.

The home has its own cinema room showing a wide range of films.

Sky Television is available in the communal areas with large screens.

Computer and broadband access is available.

"We do appreciate the extent of care given to our mother and the ease in which we can approach both management and staff should we have any particular concerns and, in this regard, we thank you."
